RE: ACA Accreditation Audit

I am pleased to advise that the ACA accreditation audit of the Louisiana Board of Pardons and Committee on Parole has been successfully completed. Chairman Ranatza and her staff are to be commended for an outstanding job. Their hard work and dedication were exemplified with a score of 99% on non-mandatory standards. The audit team expressed that all of the hard work over the past two years - policy development, building transparency, victim outreach, outreach to offender families, and gathering necessary documentation paved the way for the Boards successful audit. The auditors also complimented the Board for having a "very professional and solid organization."

Thank you to all who helped achieve this very important goal.

1. ACA ACCREDITATION SCORES

Accreditation offers the opportunity for institutions to evaluate their operations against national standards, remedy deficiencies, and upgrade the quality of programs and services. Some of the recognized benefits from such a process include improved management, a defense against lawsuits through documentation, increased accountability and enhanced public credibility, and a safer and more humane environment for staff and offenders. In order to be accredited, an agency must comply with 100% of all mandatory standards and 90% of all non-mandatory standards.

Accreditation is granted for a three year period. During this time, ACA requires that accredited agencies submit annual certification statements confirming continued standards compliance at levels necessary for accreditation. To maintain accreditation status, application must be made nine months prior to the anniversary of accreditation. Agencies seeking reaccreditation must again satisfy the criteria.
